-  100% Waterproof
-  Superior durability
-  Easy to clean and maintain
-  Family and pet friendly
-  Matching waterproof scotia
-  Warm and quiet underfoot
-  Lifetime Residential Warranty

# AQUASmart+

Introducing Aquasmart+ - As the name suggests this Hybrid floor comes with all the benefits of the original Aquasmart plus more.

Aquasmart+ still has the acoustically sound WPC core, but now has a Valinge 5G locking system, making it easier to install, stronger and more stable underfoot. This coupled with a 2.0mm LVT layer gives Aquasmart+ even more superior acoustic properties whilst providing a warmer, comfortable underfoot feel.

Aquasmart+ is extremely durable with the ability to withstand the busiest of households. It has a commercial grade wear layer which is enhanced with Aloxplus Surface Protection, making it highly resistant to surface wear and tear. So much so, we offer a Lifetime Wear Warranty for residential use. Aquasmart+ is also very easy to keep clean – you can freely mop with water without worrying about any water damage!

Not only is Aquasmart+ 100% waterproof but so are the matching trims, meaning this can be installed throughout all areas of the home, creating a relaxed seamless feel in your home.

Aquasmart+ can also be used with confidence in offices, retail stores, multi-unit developments and aged care facilities.

- 1 Polyurethane 0.5mm Wear Layer.
- 2 Print Film
- 3 2.0mm LVT Layer
- 4 Vinyl Backing Layer
- 5 Wood Polymer Composite Core
- 6 Advanced 5G Locking System.
- 7 1.5mm Acoustic Layer.
