

Springbrook

 **Andersens**
The respected name in floors and more

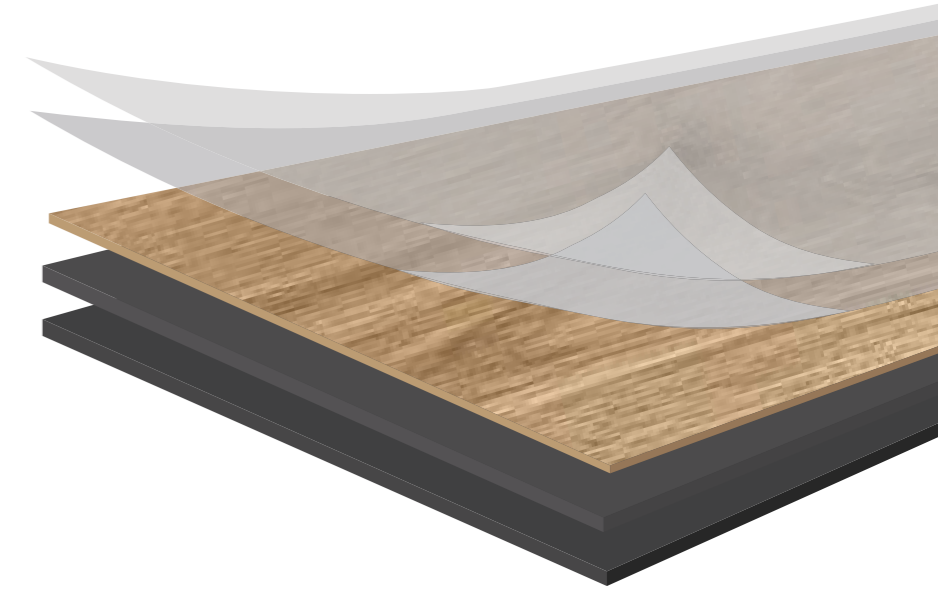

Springbrook

The Springbrook range was developed by Andersens after careful market research and rigorous design selection. The result is a durable, quick and easy to maintain product to suit any budget. This range will give you confidence in its durability due to the PUR surface coat providing great protection against scuffs, scratches and indentation.

The Springbrook colour palette features something for all interior styles. From the warm honey glow of Amber Oak to the cool soft hues of Misty Gum, as well as some of Australia's favourite native timbers such as Coastal Blackbutt and QLD Spotted Gum.

No matter the size of your home or the style of décor, this range is the perfect choice for you!
