COAST TO COUNTRY

Transform your home with Kenbrock

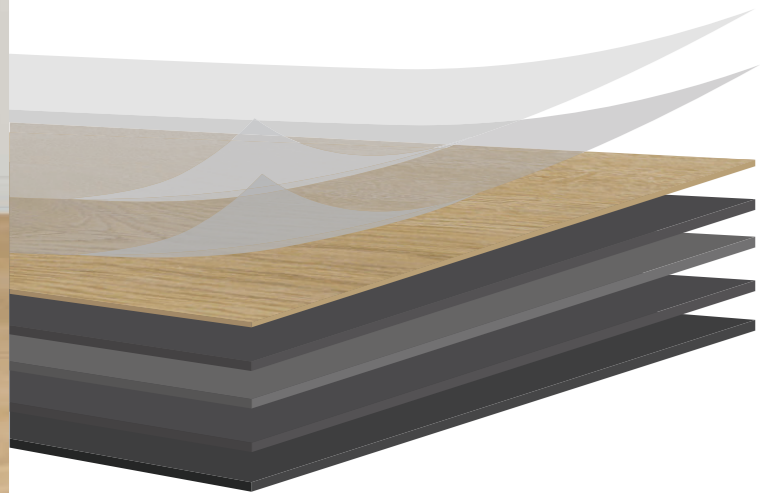

CUSHIONWOOD XL

COAST TO COUNTRY

This remarkable collection is a true testament to the diverse charm of the Australian coastline and vast countryside, from the iconic white sandy beaches of Jervis Bay, to breathtaking landscapes of the Great Otway National Park. The Gum trees along the Murray River and imposing Blackbutts found in the New England Tablelands are a sight to behold.

Experience the essence of Australian wood species with Cushionwood XL. Each colour has been carefully selected with a stylised surface texture to bring a touch of nature into your home. With the combination of long plank design, micro bevel edge and matte finish, this range is both aesthetically pleasing and highly practical.

The fiberglass reinforcement layer ensures exceptional structural stability and durability. The Dura Coat surface protection and robust wear layer instils confidence that your floor can withstand the hustle and bustle of daily foot traffic. With its water and slip resistance, this range is ideal for households filled with activity. Requiring minimal maintenance, Cushionwood XL gives you more time for the things you love.

1. PUR Surface Protection
2. 0.55mm Wear Layer
3. Design Layer
