Modular Living

Stone

Stone and ceramic floor designs have long been favoured by Australian homeowners for their timeless appeal. Modular Living Stone is a solution that combines the elegance of natural stone and ceramic tiles with the practical advantages of vinyl flooring.

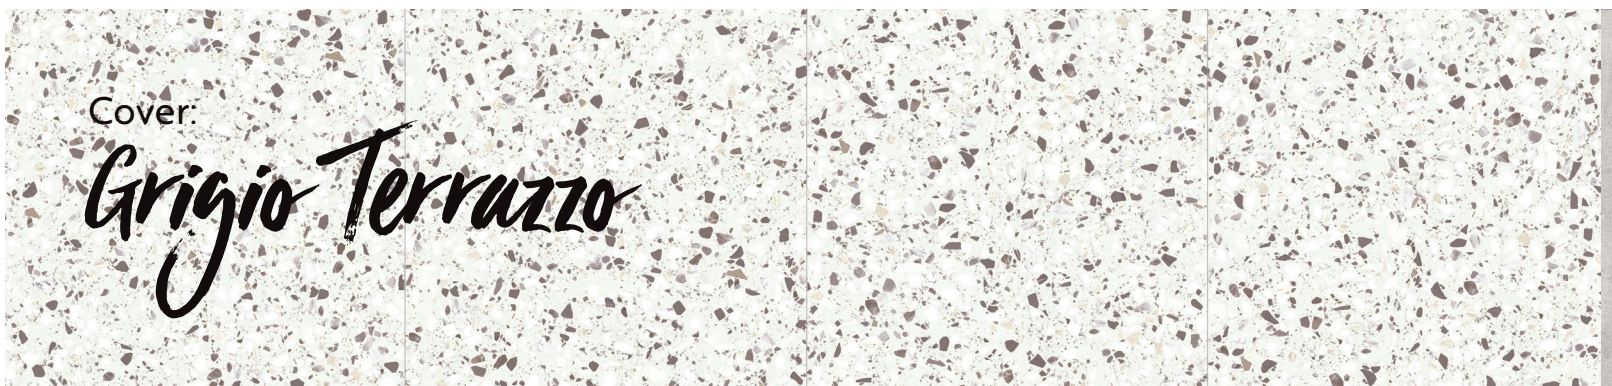

The physical characteristics of these vinyl tiles provide quiet comfort and warmth underfoot. Hardwearing durability is assured with features like its fiberglass core, heavy-duty wear layer and PUR surface protection. With Modular Living Stone you can trust your floor to withstand the demands of everyday living.

1. PUR Surface Protection
2. 0.5mm Heavy Duty Wear Layer
3. Design Layer
4. Resilient Comfort Layer
5. Fibreglass Core
6. Resilient Comfort Layer
7. Balance Backing Layer

Grigio Terrazzo

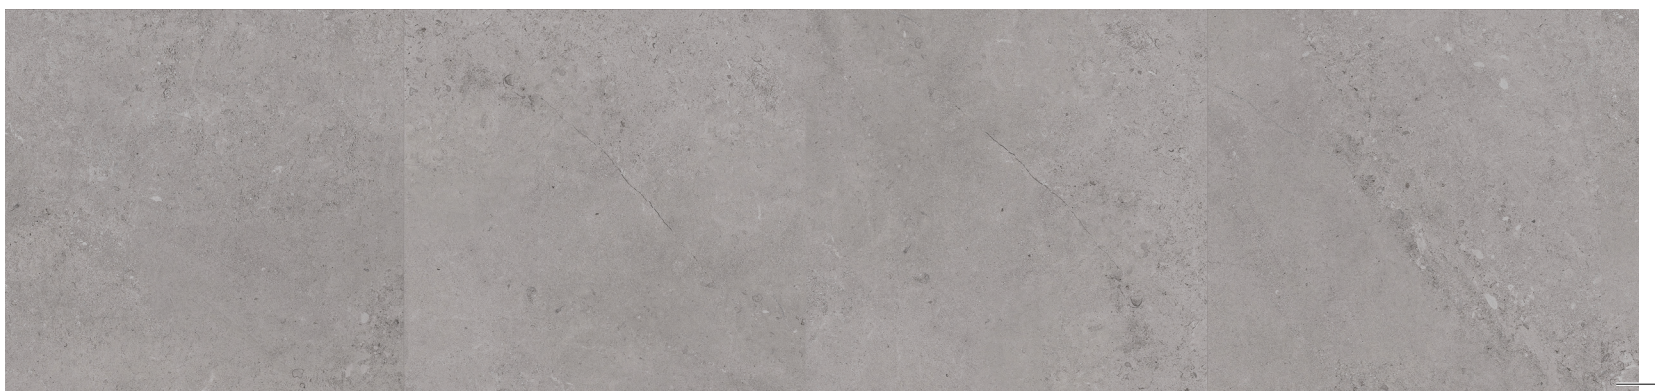

Polished Concrete

The soft colour palette and faint marbling effect of Capri Limestone creates a versatile and elegant base. Partnered with a pastel colour palette, luxurious soft textures and golden features this tile creates an opulent and sophisticated room experience.

Capri Limestone

Alboran Limestone boasts a light grey tone with subtle colour variations, speckles and light veining. Bright white walls present a clean backdrop for the navy cabinetry, while timber accents and furniture are used to add warmth to this functional space.

Alboran Limestone

Pangea Limestone varies in colour from light greige to soft sandy tones, perfectly complimenting a neutral colour palette. The minimalist industrial style is designed with open spaces, wooden cabinetry, marble countertops whilst accessorised with black trims and tapware.

Pangea Limestone

Twilight Limestone's mottled pattern in various shades of grey with light and dark speckles teams perfectly with earthy shades of green and sepia. The timber accents and soft textures combined with industrial style furniture create a space that is both minimalist yet warm and inviting.

Twilight Limestone

Ebano Limestone's slight variations in colour from dark charcoal to almost black come together with a monochromatic colour palette and clean lines that accentuate this sophisticated minimalist style. The freestanding bathtub, round basins and curved accessories are used to soften the space.

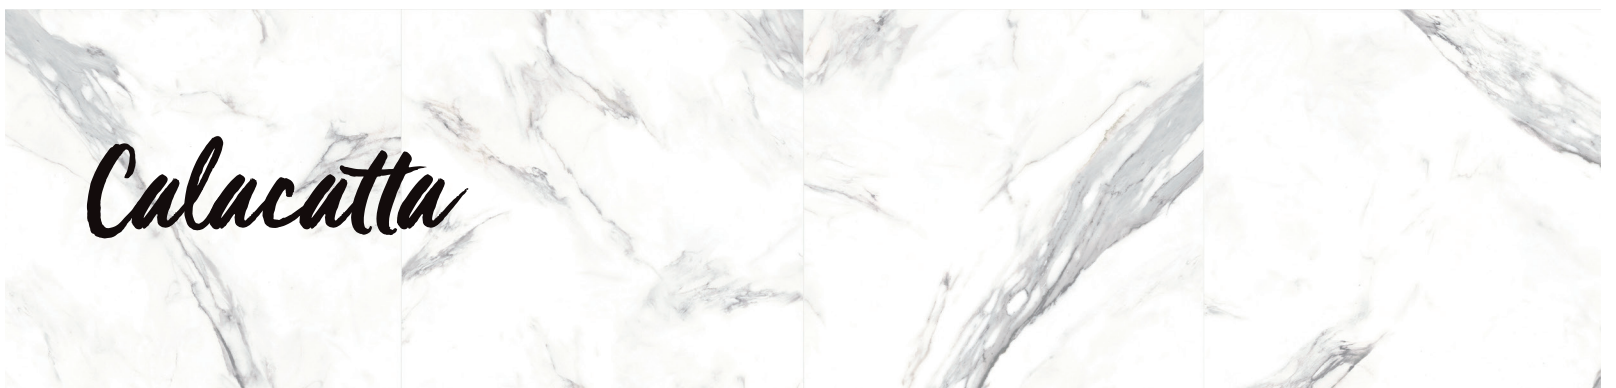

Ebano Limestone

The white marble and subtle grey veining of Calacatta provides an elegant ambiance when combined with the minimalist aesthetics of contemporary kitchen cabinets. Light wood finishes and muted green veneers create a warm and welcoming space with a focus on stylish simplicity.
